Laxative Bromo-Quinine Tablets
 the remedy that cures a cold in one day

Varieties.
 If you are bilious and seeking advisers,
 Take DeWitt's Little Early Risers,
 Just before going to bed.
 You will find on the morrow,
 You are rid of your sorrow—
 That's all: just enough said.
 These famous pills do not gripe, but
 move the bowels gently and easily,
 cleansing the liver. Their tonic effect
 gives strength to the glands, prevent-
 a return of the disorder. G. L. HOLT.

Mr. Ford remarked to a member of
 the Republican force a few days before
 election that this paper was making
 votes for him every day. It is fortunate
 for the Colonel that something
 made votes for him otherwise he might
 have been "skunked."

One Minute Cough Cure
 Is the only harmless cough cure that
 gives quick relief. Cures coughs, colds,
 croup, bronchitis, whooping cough,
 asthma, lagrippe and all throat and
 lung troubles. I got soaked by rain,
 says Gertrude E. Fenner, of Muncie,
 Ind., and contracted a severe cold and
 cough. I failed rapidly; lost 48 pounds.
 My druggist recommended One Minute
 Cough Cure. The first bottle brought
 relief; several cured me. I am back to
 my old weight, 148 pounds. One Minute
 Cough Cure cuts the phlegm, relieves
 the cough at once, draws out the
 inflammation, cures croup. An ideal
 remedy for children. G. L. HOLT.

W. H. Church was in town yesterday
 evening on his way back to Kansas City.
 He proved he hadn't forgotten the days
 when he used to play the "devil" by
 exercising his muscles pulling the ink
 roller on the outside pages of this paper.

You Know What You Are Taking
 when you take Groves' Tasteless Chill
 Tonic because the formula is plainly
 printed on every bottle showing that it
 is simply iron and quinine in a tasteless
 form. No cure, no pay. 50c.

The statement of the Taney County
 Bank, published in this issue, shows
 that institution to be in a flourishing
 condition and that the resources have
 been increased several thousand dollars
 since the last statement was published.

The Eyes of the Sole.
 When the sole or other variety of
 flatfish emerges from the egg it is a
 normal fish in every respect. It
 swims straight up and down in the
 water, it shows an eye on each side of
 its head where eyes should be and
 the two sides of its body are colored
 alike. But soon after its birth one
 eye, that of the side on which the fish
 is destined to rest, begins to shift its
 position. It literally travels to the
 other side of the head and comes to
 occupy a position alongside its neighbor
 organ. Of old naturalists were
 inclined to believe that the eye passes
 through the skull to reach the other
 side of the body. Nowadays the process
 is known to be accomplished
 through a species of torsion or twisting
 of the head bones.

Angora Goat Sale.
 Capt. F. H. Goss, of Oldfield, Christian
 county, Mo., will commence his annual
 Angora goat sale Oct. 1st, and sell up
 to December 1st. Now is your opportunity
 to buy Angora goats in large or small lots,
 and start in the goat business. That means
 you. Don't delay, but start at once. The Ozark
 mountains is the finest country to raise them in.
 There should be tens of thousands of Angora
 goats in Christian and Taney counties.

Novels for Minds Diseased.
 Sir James Crichton Brown spoke
 strongly on the value of novel reading
 at the meeting of the Association of
 Asylum Workers, held yesterday at
 the Medical Society's rooms, Chaudos
 street, says the London Telegraph.
 Were he, he said, an asylum
 autocrat he would make it obligatory
 on every asylum nurse and attendant
 to read two standard novels every
 year, and from moderate excursions
 into these ideal realms they would
 return to the ward and workroom
 invigorated as from a trip to the sea-
 side. He would like to see a list of
 the best hundred novels for asylum
 consumption, which should of course
 be entirely free from idiosyncrasy and
 insanity, a proviso which would, he
 feared, exclude most modern works.

A Thanksgiving Dinner.
 Heavy eating is usually the first cause
 of indigestion. Repeated attacks inflame
 the mucous membranes lining the stomach,
 exposing the nerves of the stomach,
 producing a swelling after eating,
 heartburn, headache, sour risings and
 finally catarrh of the stomach. Kodol
 rebuilds worn-out tissues, purifies,
 strengthens and sweetens the stomach.
 Gov. G. W. Atkinson, of W. Va., says:
 "I have used a number of bottles of Kodol
 and have found it to be a very effective
 and, indeed, a powerful remedy for
 stomach ailments. I recommend it to
 my friends." G. L. Holt.

For sick headache try Chamberlain's
 Stomach and Liver Tablets; they will
 ward off the attack if taken in time.

SILENCED THE LAWYER.
Legal Light Worsted in Encounter
With Irishman.

Conversation became reminiscent
 at the Lawyers' Club the other day,
 the late Judge James T. Brady being
 the subject. A veteran practitioner
 who knew him well said:
 "Brady's first attempt at practicing
 law was in very humble quarters, in
 the rear of a cobbler's shop in Fulton
 street near William. One day an
 Irishman who called and inquired for
 the cobbler was told by Brady that
 he was out. Peering about the room
 of the newly fledged lawyer, scantily
 furnished with two unpainted chairs
 and deal table, he inquired:
 "I say, boss, what do you sell
 here?"
 "Blockheads," promptly replied
 Brady.
 "Humph!" said the Irishman, "must
 be doing a good business, as I see you
 have only one left."—New York

 insertion communications should reach us not

Late Doings at Dit
 The Owl is once more able to boot in
 the far southeast corner of Taney, after
 being absent so long a time.

The campaign is over and the election
 past and while we may not be entirely
 satisfied, the best way to become so
 is to go to work now for the campaign
 in 1904, that we may roll up a grand
 Republican majority. This may easily
 be done by bringing those back-sliding,
 weak-kneed Republicans into line and
 also pulling over a Democrat whenever
 one is found willing to repent of his
 sins and come over on the Lord's side.
 Boys let those bolters long be remembered.

Give Dit the glory of saving Taney
 from the fangs of Democracy. Look at
 our boys who would have lost it if it had
 not been for Big Creek, No. 2.

We have as true and loyal Republi-
 cans as you can find on the continent.
 It would be well if some other precincts
 in the county could be inoculated with
 the same blood, it would bring up bigger
 majorities.

I have nothing to say in regard to
 the hog law, but if we had a general
 stock law for about three years it would
 be a grand thing. Then we could turn
 our stock out and have as good grass as
 we need to.

The Best Remedy for Croup.
 [From the Atchinson Kan. Daily Globe.]
 This is the season when the woman who
 knows the best remedies for croup is in
 demand in every neighborhood. One
 of the most terrible things in the world
 is to be awakened in the middle of the
 night by a whoop from one of the children.
 The croup remedies are almost
 as sure to be lost in case of croup, as a
 revolver is sure to be lost in case of bur-
 glars. There used to be an old-fash-
 ioned remedy for croup, known as
 hive syrup and told, but some modern
 mothers say that Chamberlain's Cough
 Remedy is better, and does not cost so
 much. It causes the patient to throw
 up the phlegm quicker, and gives relief
 in a shorter time. Give this remedy as
 soon as the croupy cough appears and it
 will prevent the attack. It never fails
 and is pleasant and safe to take. For
 sale by G. L. Holt.

Strength of Mushrooms.
 An incident showing the immense
 growing power of mushrooms was
 unearthed recently at Stockton, Utah,
 when two large specimens of the
 fungi were found growing through a
 heavy concrete floor. The owner of
 the building noticed that the concrete
 and bitumen floor was being forced
 upward in the shape of two hillocks.
 He could not account for the change
 in the smooth surface for several days
 until the bitumen split open and two
 mushrooms forced their way upward
 into the fresh air. By actual mea-
 surement, the mushrooms grew
 through four inches of solid concrete
 and two inches of bitumen, and there
 was not a sign of a crack in the floor
 before they came through.

A child of Mrs. Geo. T. Benson, when
 getting his usual Saturday night bath,
 stepped back against a hot stove which
 burned him severely. The child was in
 great agony and his mother could do
 nothing to pacify him. Remembering
 that she had a bottle of Chamberlain's
 Pain Balm in the house, she thought
 she would try it. In less than half an
 hour after applying it the child was
 asleep, and in less than two weeks was
 well. Mrs. Benson is a well known resi-
 dent of Keller, Va. Pain Balm is an
 antiseptic liniment, and especially valua-
 ble for burns, cuts, bruises and sprains.

A Startling Surprise.
 Very few could believe, in looking at
 A. T. Headley, a healthy, robust black-
 smith of Tilden, Ind., that for ten years
 he suffered such tortures from rheuma-
 tism as few could endure and live. But
 a wonderful change followed his taking
 Electric Bitters. "Two bottles wholly
 cured me," he writes, "and I have not
 felt a twinge in over a year." They
 regulate the kidneys, purify the blood
 and cure rheumatism, neuralgia, nerv-
 ousness, improve digestion and give
 perfect health. Try them. Only 50c
 at G. L. Holt's drug store.

Suspense Relieved.
 When E. W. McGraw left a witness
 on the stand the other day and whis-
 pered something in the ear of several
 attorneys in Judge Murasky's court,
 the spectators thought something of
 great moment was to happen.
 When he approached the judge Mur-
 asky leaned over toward McGraw
 with a look of expectancy on his face,
 and then shook his head even more
 vigorously than had the others. McGraw
 looked almost inconsolable, and
 turned to resume his examination of
 the witness.

The court kindly relieved the spec-
 tators and attorneys in the courtroom
 by saying to the lawyer, "No, Mr. Mc-
 Graw, the court does not chew."—San

A South African Woman.
 The women of the Congo Free
 State, as described by a missionary
 lately settled among them, are, as a
 rule, short and slender, yet able to
 carry easily heavy burdens. It is not
 unusual to see one of them raise a
 large basket of vegetables to her
 head, then stoop and lift a child or
 perhaps two years, to her hip, and
 walk off apparently unconcerned. By
 way of dress two pieces of cloth, each
 half a yard square, are folded over
 a string and tied around her waist.
 This serves as a sarong night and
 day, without washing, until it literally
 wears out. Smoking is a favorite re-
 creation with these women. A pecu-
 liar pipe is used, made of a huge
 gourd, and often ornamented with
 brass headed nails. The baby's bath,
 which takes place twice a day, is al-
 ways performed out of doors, however
 chilly the weather.
